Elevator Pitch

Development Cabines for transformación of Healthy Food with the fruits and vegetables not exportable. This cabins recovers the Reefer container obsolet, and work only with green energy, with freeze-dried equipments and create more work for farmers.

Climate Problem

First, because dissapear the Food waste. Second, dissapear the cross-contamination from food spoilage. Third, create new works position for the rural women. Fourth, create a new line of Healthy Food affordable for everyone. Fifth, positions us better.

Solution

Implementing our Lio-Tech, we can recover the rural waste, recover the Reefer containers obsolets, increase the shelf life of foods, eliminate dependence on fosil energy, create more work for the little farmers, and our carbon footprint is zero.

Revenue Model

We can create a new line of Peruvian Products, Healthy Food, Cruelty Free and a Fair Price. Sancks, Flours, Sweets, Oils, Cookies and with our international logistic experience, we can export directly to the distribuidors, and with the Franchise.

Target Market

We have 3 targets markets, one is the end consumer for our products, the second is the little farmers that we going to advise, and the third is the carbon bonds market.

Social Impact

Indigenous Peoples, People Living in Extreme Poverty, Women

Demand Evidence

The problem of the rural waste is around all the world and our solution can be a revolution because is compatible with all kind of fruits and vegetables, and, is compatible with all kind of climates. With the Franchise we offer our solution to Best Price

Competitors

Nowadays we don't have competence because nobody give this kind of Service at the little farmers, and in the markets the Healthy Food is too much expensive, and with the exclusive used of clean energy we can optimize the costs and offer an Fair Price.

Founder Expertise

We create our company in 2019 as international broker of fresh Food and commodities, in 2022 we start to export since our own lands of Hass avocado and dragón fruit, and Discovery all the problems the the little farmers have from personal experience.

External Support

At the moment we come working with our own capital, but If we want to generarte a real impacto we need a capital injection, and the the moment nobody in our country want to make a contribution on this. Include we was scammed for Panamá people with a loan.
