## Elevator Pitch

---

We want to sell a recycled RPET Filament to scale to aeronautical and automotive industry to help the industry be cleaner

## Climate Problem

---

We present the opportunity to develop businesses by incorporate plastic waste into the value chain, because in Mexico 340 thousand tons of plastic waste are recycled per year, representing a recycling rate of 30%, we want to improve this numbers with an innovative business model. *x000D* The initial costumer is the Maker's segments, they will be creative while taking care of the planet.
