Huxtal hidrocultivo · Food & Agriculture

Huxtal hidrocultivo

Country: México · Estado de México **Category:** Food & Agriculture **Impact Areas:** Nature-Based, Mitigation
Stage: Ideation **Founder:** Ximena Zuñiga Carranza

Elevator Pitch

Te idea is create a system where you can cultivate vegetables using water, and at the same time you can raise fishes for consumption. The fishes help also as fertilizer the vegetables.

Climate Problem

Society in Mexico has grown rapidly, so growing spaces are running out and the demand for food continues to grow. Our clients would be those customers who like to have plants, grow their own vegetables for eat healthier and have enough space to have them.
