Sustenta

Country: Guatemala **Category:** Industria limpia (es decir, innovación en materiales, diseño, equipos, control, producción, envasado) **Impact Areas:** Mitigation **Stage:** Ideation **Team Size:** 3 **Funded:** NO **Founder:** Angelo Vettorazzi

Elevator Pitch

Sustenta: Sustainable architecture that combines aesthetics, efficiency and sustainability. We design spaces that minimize environmental impact and promote quality of life.

Climate Problem

Management of solid waste and waste caused by the use of food containers. Giving a second use to household and work electronics.

Solution

The solution is to look for an eco-friendly way to treat waste derived from food packaging and other products and to reuse, giving a second use to household appliances in the home, as well as in the work area.

Revenue Model

We are a group of architects who are dedicated to teaching and have our own professional office.

Target Market

Sustenta focuses on the sustainable architecture and construction market, targeting real estate developers, building owners and governments seeking to reduce their carbon footprint and promote sustainability.

Social Impact

Personas de ascendencia africana Pueblos indígenas Romaníes, sinti y nómadas Personas pertenecientes a minorías nacionales o étnicas, religiosas y lingüísticas Inmigrantes Refugiados, solicitantes de asilo y desplazados internos Personas que viven en la pobreza extrema Mujeres Personas LGBTQI+

Demand Evidence

Undertake a solution to climate change, reduce the carbon footprint and establish policies that promote sustainability to eco-friendly solutions.

Competitors

Architecture and sustainable construction companies, sustainability and energy efficiency consultants.

Founder Expertise

Architecture professionals with experience in bioclimatic architecture, environmental management and neuroarchitecture, as well as research methodologies and university teaching.

External Support

No external support has been received since none of the above has been done.
